

## ACCOMPANYING EVENTS

Sightseeing of XVIII International Trades EUROTOOL®

Gala dinner, Golden Dragon Awards,

Participation in Exhibition CAX Technology.

Optional excursions:

- ♦ Rynek Underground
- ♦ Polish Aviation Museum
- ♦ Museum of Municipal Engineering in Cracow

## REGISTRATION FEE

**Option 1\*:** 1200 PLN (including VAT)  
payment until 31.08.2013  
1500 PLN (including VAT)  
payment after 01.09.2013

The fee includes: conference proceedings, lunches, coffee breaks, official dinner in the second day of conference, entrance tickets for EUROTOOL® trades and the participation in ProCAX.

**Option 2:** 900 PLN (including VAT)  
**For accompanying person**

The fee includes: lunches, coffee breaks, official dinner in the second day of conference, excursions.

**Option 3:** 500 PLN (including VAT)  
The fee includes: conference proceedings.

## Hotel reservations: Targi w Krakowie Sp. z o.o:

Participants bear the costs of accommodation. To get the special prices, please make the online registration. Please direct all questions about the hotel and requests to change the reservation to Office of Organizational Committee.

<http://www.targi.krakow.pl/>

\* The paper will be included in the conference proceedings and send for the review to the selected journal under the condition of making the conference fee payment until 31.08.2013.

## SCIENTIFIC COMMITTEE

Łukasz Gola  
Michał Karpiuk  
Janusz Pobożniak  
Katarzyna Perlik-Myjak  
Małgorzata Trompeteur  
Ewa Woch

## VI INTERNATIONAL CONFERENCE

Knowledge and Project Management  
in Production Engineering

## INTELTRANS 2013

15 – 17 October 2013  
CRACOW

## Organizers

Production Engineering Committee of the  
Polish Academy of Sciences

Cracow University of Technology

Production Engineering Institute

Targi w Krakowie

## Cooperation

Polish Association for Production Management  
(PTZP)

Polish Patent Office

Technical University of Zilina

## THE GOAL AND TOPICS

The goal of the conference is to demonstrate that the development of enterprises, acceptance of new technologies, new strategies of organizations and the protection of intellectual property have the key influence on the growth of the productivity and improvement of the competitiveness of economy.

The topics of the conference include the wide range of issues related to the complex investment and restructuring projects, design and manufacturing process planning systems, and design and usage of manufacturing equipment. These include:

- ♦ project management in the phase of the preparation and start-up of the production for highly innovative products;
- ♦ integration of knowledge in the computer systems for process planning and management, models of knowledge representations, databases;
- ♦ use of artificial intelligence (AI) tools, Knowledge Based System (KBS);
- ♦ organization of business processes in manufacturing environment – clusters and technological platforms;
- ♦ methods and tools for the product quality supervision;
- ♦ methods for the development of innovative solutions;
- ♦ the protection of intellectual properties (especially of industrial type) during technology transfer.

## Conference Presentations

- ♦ Plenary session
- ♦ Presentations (max. 15 minutes) in parallel sessions followed by discussions (allowable languages: Polish or English)
- ♦ Poster sessions

## Conference Venue

Cracow University of Technology  
Faculty of Mechanical Engineering  
Al. Jana Pawła II 37, Cracow, Poland

## OFFICE OF ORGANIZATION COMMITTEE

**Targi w Krakowie Sp. z o.o.**  
ul. Centralna 41a, 31-586 KRAKÓW

## IMPORTANT DATES

Registration and submission of paper title  
**25.05.2013**  
Notification about the acceptance of registration  
**31.05.2013**  
Submission of camera-ready paper  
**30.06.2013**  
Notification about the acceptance of the paper  
**15.07.2013**  
Payment of conference fee  
**31.08.2013**  
Final programme of Conference  
**05.10.2013**

## PROCEEDINGS

The papers including up to 12 pages should be formatted according to the information available on conference website: [www.inteltrans.pk.edu.pl](http://www.inteltrans.pk.edu.pl)

After the positive review, the papers will be published in **Monograph, series Mechanics** – in Polish (4 pts) or English (5 pts).

The paper will be published in conference proceedings only if delivered together with the signed authorization form, available on the conference website.

Selected papers will be recommended for the publication in one of the following journals acknowledged by Polish Ministry of Science and Higher Education:

### In Polish::

- ♦ Zarządzanie Przedsiębiorstwem (6 pts),
- ♦ Mechanik (7 pts),

### In English:

- ♦ Management and Production Engineering Review (4 pts),
- ♦ Advances in Manufacturing Science and Technology (7 pts),
- ♦ Technical Transactions (Czasopismo Techniczne) (5 pts).
